

**"Antoine" Nippers have been in the Professional Nail Industry over 35 years and they are the very best nippers ever made!!! I have had my "Antoine's" for over 25 years and they are still in perfect condition!"**

*Tammy Taylor*

### **"Antoine" Nippers**

- Created for Professional Nail Technicians
- Precision Handcrafted "Cobalt Inox Stainless Steel" nippers.
- Cobalt steel is the strongest steel available in a nipper
- Retains its "razor sharp edge" up to 10 times longer than average nippers.
- Will "last" 10 times longer than other nippers.
- Trusted for Quality & Precision for over 35 years.
- Fits the natural movement of your hand.

### **"Antoine" Gold Finish "Acrylic" Nippers**

Featuring a double reinforced 1/2 inch jaw; small enough to chip away acrylic product with ease, yet strong enough to last 10 times longer than other acrylic nippers.

The special "Antoine" design provides greater precision, control and ease of handling.

**"Antoine" Silver Satin Finish "Cuticle" Nippers**

Created to keep its razor sharp edge up to 10 times longer than other cuticle nippers.

Featuring a 1/2 inch jaw with single spring action.

Always giving you better precision and control when nipping tiny pieces of dry frayed cuticle; never tugging or tearing.
