

# Bubble-Free Nail Powders

## Exciting News! Brand "New" Product Line

"I am so excited to announce the "New" Competitive Edge "BUBBLE-FREE" Acrylic Nail System. These amazing "New" Acrylic Nail Powders are so "Beautiful and Easy to Use"; I know you are going to love working with them and your clients are going to love their beauty and strength.

Before the "New" "BUBBLE-FREE" technology (which is the "New" process used to make the Tammy Taylor Competitive Edge Nail Powders) bubble free nail powders were very runny and brittle, making them difficult to work with and affecting the integrity of the finished nail."
