"You and your clients are going to be amazed and thrilled with your New Tammy Taylor **Full Coverage "Corrective" Nail Powders.**

I have been teaching how to extend the nail-bed to create an illusion of a long slender beautiful nail (especially on Nail-Biters, and short damaged nail-beds) for over 28 years. And NOW... with "Cover It Up", you will be able to completely cover the nail-bed and extend it, without seeing any nail or skin beneath the acrylic; giving a flawless appearance to the finished nail. Also, clients that love to wear Pink & White Nails, but are prone to Fill-Lines; "No More Fill-Lines"! this makes your job so much easier."
