Everything you will receive in your Tammy Taylor "Emergency Nail Repair Kit":

Tammy Taylor Tip & Repair Glue

- This is the best nail glue you will ever use; the bond is so strong I use it to repair everything around my house, my office, and to repair Nails. Once you glue something with it, it will not break in that spot again.

When you are repairing a broken natural fingernail or an artificial nail, with Tammy Taylor "Tip & Repair Glue", you will be amazed at the quick one-time adhesion.

This glue is also water resistant for longer staying power, and has an antifungal agent in the formula, which adds an extra element of safety.

Tammy Taylor "Mini" Zebra File

- This is the baby version of one of our most popular files for over 20 years. This file is specially coated zinc oxide sandpaper; which makes it the easiest file ever for filing the top of acrylic, or any other artificial nails.

Tammy Taylor "Mini" Clean Finish Buffer

- There is no better washable Buffer anywhere, to Buff nails smooth after filing. This is the baby version of The Tammy Taylor "Clean Finish Buffer File"; made out of material, not paper; and can be used over and over again.

Tammy Taylor "Peach Conditioning Cuticle Oil"

- All of my oils are 100% natural; blended with the purest, highest quality ingredients: organic, all natural essential oils extracted from plants, with special vitamins to promote healthy nails and cuticles. Not only does this oil promote healthy nails, it also helps smooth out nails when buffing.

Tammy Taylor "Z-Coat" (Non-Yellowing Top Coat)

- Z-Coat is Z-Rific for use on Natural Nails, Acrylic Nails and all artificial nails. This High Gloss Top Coat Smoothes out Bubbles and Streaks, Creating a Flawless, Beautiful, Smooth Luster, you cannot get with regular Top Coats

Tammy Taylor Chiffon Drawstring Bag
