

Keep Your Natural Nails Healthy When Wearing: Acrylic Nails, Gels, Tips and all types of Nail Enhancements.

By doing 2 things; it will be easy for you to keep your natural nails healthy, even when wearing Nail Enhancements.

1st. Keep the "matrix" of your nail healthy: The "matrix" is often referred to as the "mother" of the nail, because it produces the keratin cells that make-up the natural fingernail. The "matrix" is also the "root" of the fingernail; the area at the base of your nail-bed, below the cuticle skin.

2nd. Keep the "hyponychium" clean: The "hyponychium" is the skin under your free-edge; this skin is fragile and can be easily punctured, ripped away or damaged; when this happens the bacteria grows quickly and easily in this area.

DIRECTIONS:

STEP #1 Keep the "matrix" of your nail healthy with: Tammy Taylor Nail & Cuticle Nourishment Complex

To give this all-natural formulation its' healing power we combine, Jojoba, Aloe Vera, and vitamins A and E.

Blended with a light scent of coconut.

- Promotes strong healthy natural nails
- Recovers dry, damaged and cracked cuticles
- Prevents dehydration of natural nails and cuticle
- Repairs chemical drying, splits in the skin, paper cuts, etc...

Directions: Apply Tammy Taylor "**Nail & Cuticle Nourishment Complex**" 1 to 3 times a day at cuticle area and massage into cuticle skin and fingernail.

STEP #2 Keep YOUR "hyponychium" clean with: Tammy Taylor "Thymolize" Solution

Usually the biggest concern people have with wearing Acrylic Nails, Gels, Tips and all types of Nail Enhancements is **Fungus**.

Q: What can you do to help Prevent Nail Fungus?

A: Keep the underneath of your free-edge Clean.

You usually do not know when your "hyponychium" (the skin under your free-edge) is punctured, ripped away or damaged, so you need to keep your nails clean at all times.

Tammy Taylor
CEO, Tammy Taylor Nails

Keeping your nails clean underneath the free-edge can prevent bacteria from growing, as this bacteria is what can lead to a Fungus.

Do a Fast, Daily maintenance.

Directions: Apply 1-Drop of Tammy Taylor "**Thymolize**" underneath all of your free-edges, at least once a day.
