Use "Tammy Taylor Spray Pain Away"!

"Spray Pain Away" Information

- The amount or percentage of a particular ingredient does not necessarily determine its effectiveness. It only requires a microscopic amount of a particular ingredient to reach a nerve ending in order to reduce pain or inflammation. "Tammy Taylor Spray Pain Away" is the answer and is a unique formula that DOES deliver the required ingredients directly to the needed area.

- Remember that "Tammy Taylor Spray Pain Away" features the most effective delivery system available. There is no faster system that can deliver instant results. You can take "Tammy Taylor Spray Pain Away" anywhere. There is "not" a more direct or safer method, to stop pain, than to apply something that works directly to the affected area.
- Caution: When drugs are ingested for pain, the entire body is treated while senses and awareness are dulled with unwanted side effects that can occur in the liver and digestive tract.
- "Tammy Taylor Spray Pain Away" is directed exactly to the area of discomfort or pain, and complete relief from unwanted pain is achieved! Simply spray it on and there is no need to rub or massage!
- **Tammy Taylor "Spray Pain Away" Ingredients:**
"Spray Pain Away" (Topical Analgesic)
Active Ingredients: Menthol and Camphor.
Ingredients: Purified Water, Herbal Complex, Arnica, Chamomile and Slippery Elm.
Essential Oils: Eucalyptus, Clove, Peppermint, Kukui Nut and Tee Tree Oil, Isopropyl Alcohol.
- Fast acting, effective pain relief spray, with a unique blend of soothing ingredients, well known for their remarkable pain relief properties.
- Combination of superior natural remedies; which have been tested to specially formulate a unique proprietary process that turbo-charges them deep into the affected tissues, to give rapid, safe and long-lasting relief, **with no unwanted side effects.**
- Not a drug and it doesn't substitute a different sensation that hides the pain. It just **Stops the Pain Instantly for Hours!**
