What are your Dreams for your Job; For your Career; For your Business...
Do the decisions you make, take you in the direction of your
Dreams?

Quote:

*Whenever you see a successful business, someone once made a
courageous decision.*

Author - Peter Drucker

Be pro-active in your job, in your business, and in your career; get
involved, make decisions, help improve the things around you; you
will become a better co-worker, employer, manager.

Quote:

*I've found that luck is quite predictable. If you want more luck, take
more chances. Be more active. Show up more often.*

However...

Sometimes when we get involved and make decisions, things do "not" turn out as good as we
planned, and when this happens it could make us afraid of making future decisions. We might
think that it would be better to stop getting involved, stop trying to help, just mind our own
business, and whatever happens, happens.

But...

Remember: "Not" making a decision is a decision in itself.

Quote:

The greatest mistake you can make in life is to be continually fearing you will make one.

Author - Elbert Hubbard

Successful business people **have learned:** make decisions; do not be afraid of making
mistakes; do not be afraid of what people might think; do not be afraid of showing your
weaknesses.

Even if you make the wrong decision, do not worry about it; you want to shake things up and
change things around; **change** is how you grow and **change** is how you help the people
around you grow.

Quote:

If you obey all the rules, you'll miss all the fun.

Author - Katharine Hepburn

More good stuff happens by taking action, than bad stuff. The reason why we remember more of the bad stuff is: we dwelled on it for so long, it is ingrained into our brain; **but...** the good stuff that happens, we just think about for a few minutes and forget about it.

Quote:

If I could go back in time and fix all the mistakes I made, I wouldn't because it has made me who I am today.

Especially in those times when you start doubting yourself, when it seems like things have not worked out the way you planned or the things you are doing don't seem like enough:

Keep taking chances - **Keep** making mistakes - **Keep** trying to **make things better...**

Keep Making Decisions, which take you in the Direction of Your Dreams...

And, **you will Succeed!**
