

Voted Best Brush

Tammy Taylor Kolinsky Sable Nail Brushes are so **superior** they have been **voted** the very **Best Nail Brushes** by Nail Technicians.

"The Tammy Taylor Custom Kolinsky Sable Nail Brushes have my Signature crimp in the Ferrule, which I created over 25 years ago. This slightly crimped Ferrule is the most popular style Brush in the Nail industry today."

"I would take a round brush and then squeeze the silver Ferrule with pliers, to put a slight crimp in it. This gave me a brush that had the consistency and the flow of a round brush, and the control of a flat brush."

Your Tammy Taylor Custom Kolinsky Sable Nail Brush is made right here in the **United States of America**; the Kolinsky Sable is carefully hand chosen for its color, texture and quality, then carefully shaped and hand assembled, by highly talented brush artisans, who take great pride in their work."
