To really ENJOY our Jobs and our Businesses, we need to make the Decision to Bring our "A" Game, every day!

This is the difference between just being good enough, and being GREAT.

When we **GIVE the VERY BEST of OUR ABILITY EVERY DAY TO OUR LIFE**, we will see a huge difference in our "motivation" to go to work; our "excitement" level in what we are doing at work; the "quality" of work we do, and the "customer service" we give.

The Enjoyment and Satisfaction in our Job, is directly related to giving the VERY BEST of OUR ABILITY EVERY DAY.

Whenever we do something and we do it only good enough to get by, there is never a feeling of accomplishment or satisfaction, while we are doing it, nor even when we have finished.

This is how Jobs become just that - Jobs...

When a Job is being done just good enough to get by, it is no longer a career, or a source of enjoyment; it is only a means of getting by, and there is *"no satisfaction in doing something just good enough"*.

Quote:

"One of the great undiscovered joys of life comes from doing everything one attempts to the best of one's ability. There is a special sense of satisfaction, a pride in surveying such a work, a work which is rounded, full, exact, complete in its parts, which the superficial person who leaves his or her work in a slovenly, slipshod, half-finished condition, can never know. It is this conscientious completeness which turns any work into art. The smallest task, well done, becomes a miracle of achievement."

BRING YOUR "A" GAME TODAY; you will be amazed at how much more fun you will have in your work and the satisfaction you will get from it.
