

## Color Display made easy (Prizma Powderz)

"When clients see your Beautiful Prizma Powderz Display you will be amazed at how the demand for these services will increase your business!"

*Tammy Taylor*

The Easiest and Most Effective way to Display all of your different colors of "Prizma Powderz" Acrylic is to make a "Color Stick Display".

### Time Saver:

- Apply the Prizma on the "**UNDERSIDE**" of the tip.
- There is **NO FILING** and **NO BUFFING**.
- The **COLOR** stays **BRILLIANT** and does not dull.

### Directions:

Set out all of your products you will need.

- Tammy Taylor **Clear Nail Tips**
- Tammy Taylor **Orangewood Sticks**
- Tammy Taylor **Nail Liquid** (Use the Deep Well "White" Ceramic Dappen Dish for your Nail Liquid when using the "Prizma Powderz" Acrylic)
- Tammy Taylor **Towelette's** (for wiping your Brush)
- Tammy Taylor **Custom Brush**
- Line up all of your **different color Prizma Powderz** you want on your Color Display.

### Step by Step:

**First Step** - Apply a "little" ball of "Prizma Powderz" Acrylic to the **underside** of the **Clear Nail-Tip** (at the base).

**Second Step** - Insert the **Orangewood Stick** into the wet "Prizma Powderz" Acrylic - let product firm up.

Make sure the Orangewood Stick is secure on the Nail-Tip before proceeding.

**Third Step** - Apply "Prizma Powderz" Acrylic to the entire "underside" of the nail-tip and let dry.

Your "Prizma Powderz" Acrylic Color Display Sticks are **READY!**  
**NO FILING & NO BUFFING!**

### Display suggestion:

- Fill a flower vase about 3/4 full with colorful stones, or sand
- Stick the Color Display Sticks into the vase

- Place in a location where it is easy to view

To see all the amazing Nails and Nail Art you can create with your Tammy Taylor Prizma Powderz and to show off all of your own beautiful creations, I have a Special web-page just for you, the Tammy Taylor "**Nail Designs from Around the World**" web-page; and to view your Prizma Powderz "Color Chart" **Click here**.
