

Tammy Taylor Peach Spa Pedicure Essentials

Peach Spa Antibacterial Soft Soak - Cleanses and Softens

A fragrant peach bubble bath for pedicures and manicures, also used as a skin cleanser before massage.

Peach Spa Callus-Soft - Softens Dry Rough Skin and Callus

Gently softens callus and dry skin patches on elbows, knees, heels, hands and feet; massage in for 2-3 minutes and rinse.

Peach Spa Moisturizing Soak - Softens, Exfoliates and Removes Yellow Stains from Fingernails and Fingers

Softens callus and exfoliates dead skin and cuticles, with special natural acids and hydroxides. Also, removes yellow stains from fingernails & fingers. Use in warm water as a soak, while doing manicures and pedicures; can be used by itself or along with Peach Spa **Anti-bacterial Soft Soak** for bubbles. Great for men's manicures.

Peach Spa Creamy Cuticle Remover - Softens Overgrown Cuticles and Helps Remove Dead Skin in 30 seconds

Thick and creamy cuticle remover, softens overgrown cuticles and helps remove dead skin in 30 seconds, enabling you to gently push back cuticle with an orangewood stick or cuticle pusher. To help eliminate the need for nippers, massage Peach Spa **Creamy Cuticle Remover** into cuticles, then soak and push back cuticle.

Peach Spa Exfoliating Scrub - Exfoliates and Softens

Made with all natural Pumice, suspended in a thick peach crème, so the Pumice stays where you apply it and does not separate. Exfoliates and softens dry, rough skin on hands, feet, elbows, knees etc., promoting healthier, smoother skin.

Peach Spa Moisture Lotion - "An Intense Moisturizer that works!"

Formulated to soak into skin, not to just sit on top of skin; keeping skin moist throughout the entire day, without any greasy after-feel; making it perfect for dry cracked skin exposed to sun, water, wind and cold.

Use for the massage when doing manicures and pedicures and as an intense moisturizer for your body and face.
