HELPFUL POINTERS for Adhesion:

- USE Tammy Taylor "Tip & Repair Nail Glue" for Outstanding Adhesion to the natural nail the "First" Time; it is a little thicker and has amazing adhesion, which makes it excellent for applying Nail-Tips and doing Nail Repairs.
- Keep "Gel Nails" (all types: Soak-Off Gel, Hard Gel, etc.) from separating from "Nail-Tips" with Tammy Taylor "Miracle Manicure Base Coat".

- Tammy Taylor "Miracle Manicure Base Coat" makes "All Types" of "Nail-Tips" adhere to "All Types" of "Nail Gels".

Procedure:

1. Prepare natural nail
2. Glue on tip with Tammy Taylor "Tip & Repair Nail Glue"
3. Shorten and Shape Tip
4. Clean off nail with Clean-It on a Towelette
5. Apply Miracle Manicure Base Coat on top of natural nail & nail-tip, and cure (2-minutes in UV Lamp, or 40 seconds in LED Lamp)
6. Apply gel and continue your gel procedure
