## Choose the Tammy Taylor Nail Liquid (Detailed description of "each" Nail Liquid) that fits your needs and your client's needs.

[Home](#) - [Links](#)

"I have designed **5 different nail liquids** for you to choose from. Each Nail Technician has different needs while doing acrylic nails. Some like a **fast setting liquid**; some like a **slower setting liquid**; some like a **non-yellowing liquid** and some like **extra adhesion**.

Sometimes even the temperature in your area at different times of the year; **clients' activities at different times of the year and clients' physical chemistry or medications, can affect what type of nail liquid to use.** I have put together an explanation, of each of these nail liquids characteristics and qualities, so it will be easy for you to **choose the Tammy Taylor Nail Liquid that fits your needs and your client's needs.**"

Tammy Taylor  
CEO, Tammy Taylor Nails Inc.

**NOTE:** In hot weather, acrylic nails will set up faster; in cold weather, acrylic nails will set up slower:

### Original Nail Liquid:

The **Tammy Taylor "Original" Nail Liquid** is designed to do **fast nails** year round with no crystallizing in the winter.

- Can be used with all of the Tammy Taylor Nail Powders, including Prizma.
- Hard finish.
- Super durable.
- UVA and UVB inhibitors.

### Competitive Edge Nail Liquid:

The **Tammy Taylor "Competitive Edge" Nail Liquid** is made especially for the Competitive Edge (Bubble Free) Nail Powder but...

- Can be used with all of the Tammy Taylor Nail Powders, including Prizma.
- Fast drying (fast setting).
- Hard finish.
- Tremendous strength to eliminate cracking & breaking.
- Super durable.
- Resists staining.
- UVA and UVB inhibitors.

### A+ Nail Liquid:

The **Tammy Taylor "A+" Nail Liquid** is designed to keep your **"white's whiter"** and your **"pinks brighter"**.

- Can be used with all of the Tammy Taylor Nail Powders, including Prizma.
- 90% less yellowing than other nail liquids on the market.

- Lower odor.
- Excellent durability.
- Easy to file.
- Easy application.
- Fast drying (fast setting).
- Extra UVA and UVB inhibitors to prevent whites from yellowing and pinks from fading.
- Resists staining.

The **Tammy Taylor "Xtra-Adhesion" Nail Liquid** was designed especially for clients with special acrylic nail needs. Some clients have fingernails that are difficult for acrylic to adhere to and need an extra boost in the nail liquid, to help adhesion and **eliminate lifting**.

Use **2-3 coats of Tammy Taylor Nail Primer and Xtra-Adhesion Nail Liquid** for all clients who have **lifting problems**. Some clients are very sensitive and the Xtra-Adhesion Nail Liquid can **also** be used **without primer** for these clients.

#### **Xtra-Adhesion Nail Liquid:**

- Can be used with all of the Tammy Taylor Nail Powders, including Prizma.
- Extra boost for adhesion.
- Fast drying (fast set).
- Ease of application.
- Extra durability.
- Tremendous strength to eliminate cracking and breaking.
- Created for clients with lifting problems and clients who have sensitive fingernails.
- UVA and UVB inhibitors.
- Resists staining.

The **Tammy Taylor "(S-Set)" Nail Liquid (aka) Summer Nail Liquid** is a **slower setting nail liquid**; designed originally for summertime or hot weather, but also works great year round. That is why it will be re-named (S-Set) Slower Setting Nail Liquid instead of Summer; so there will be no confusion for those who want a slower setting nail liquid in all types of weather.

#### **(S-Set) Nail Liquid:**

- Can be used with all of the Tammy Taylor Nail Powders, including Prizma.
- Slower drying (slower setting).
- Hard finish.
- Tremendous strength to eliminate cracking and breaking.
- Super durable.
- Easy application.
- Easy to file.
- UVA and UVB inhibitors.
- Resists staining.
